

Mike Blach Chairman

Mike is known as a dynamic and progressive business and community leader who has guided Blach Construction through three decades of sustained growth and achievement. Under his leadership, FORTUNE magazine has ranked Blach as one of the top 100 “Best Workplaces in the Bay Area” and placed the company in the top 30 Great Places to Work in the U.S. As Chairman, Mike continues to provide strategic oversight, while leading the firm’s involvement in key industry associations, including the AGC of CA, where he currently serves as president-elect.

With active roles on several boards throughout the Bay Area, Mike’s effective leadership skills clearly extend beyond Blach. And his dedication to enhancing the community professionally and personally has resulted in numerous awards for his outstanding philanthropic and business leadership.

Mike joined Blach when he was a teenager, working as an apprentice carpenter, job clerk and expeditor during summers and school vacations. He continued to work part-time in the office as a junior estimator/project manager while attending college. After earning his MBA, Mike returned to Blach as an estimator/project manager and was actively involved on a wide variety of successful projects, from large distribution buildings to class 10 cleanrooms. He took over the management of the company at age 26 when his father was diagnosed with a terminal illness in 1989.

A native of Santa Clara Valley, Mike graduated from Bellarmine College Preparatory and earned a B.S. in Political Science with a concentration in International Relations from Santa Clara University. He also holds an M.B.A. from Cal Poly, San Luis Obispo.
